

# Orange Pi series

## USB turn DC4.0 for wires

Charge faster

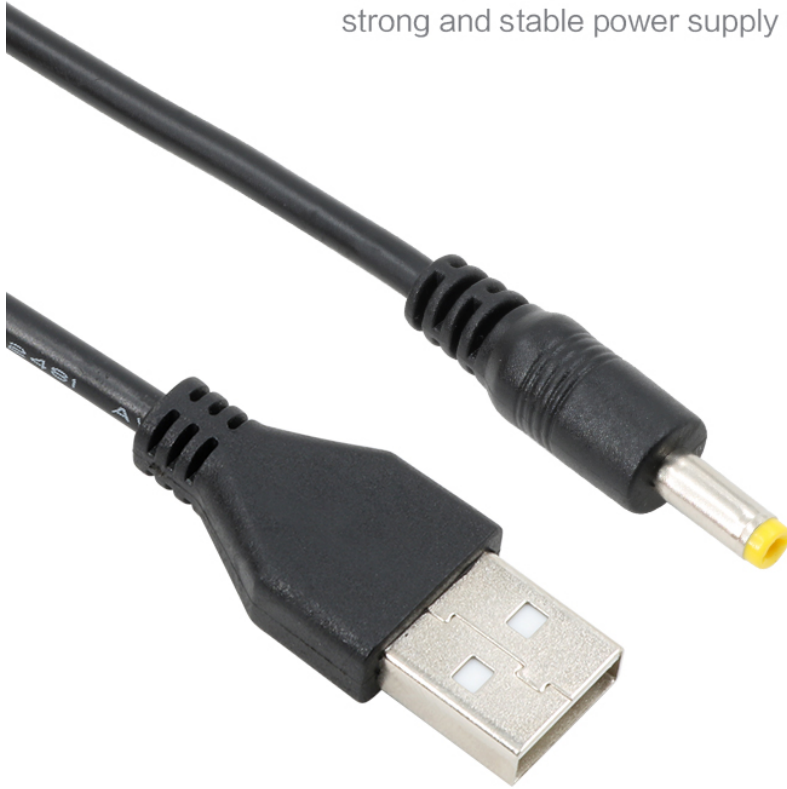

The power supply is more stable

Soft outside easy winding

# Thicker wire diameter, more power supply

With more than the traditional 28AWG thick 20AWG gauge, under the same conditions by more power, Support 1A-3A current supply, with strong and stable power supply capacity

**20**<sub>AWG</sub>  
Compared with the  
traditional 28AWG thick  
wire gauge

**3**<sub>A</sub>  
Support 1A-3A current  
power supply
