

W1209 DC 12V heat cool temp thermostat temperature control switch temperature controller thermometer thermo controller 50CM(Red)

Temperature range :-50-110 °C

Dimensions: 48.5 * 40mm

Temperature control mode: ON / OFF

Control accuracy: 0.1 °C

Hysteresis accuracy: 0.1°C

Refresh rate: 0.5S

Supply voltage: DC 12V

Output voltage: DC 12V

Output power: 20A relay

Environmental requirements: -10 ~ 60 °C ,Humidity 20% -85%
