

Product Name:RS232 To TTL Converter Module COM Serial Board

Product Description:

- 1.Working voltage:3.3V-5.5V.
- 2.Size : 30mmx20mm / 1.18"x0.78".
- 3.It is widely used in radio modification, phone flash,XBOX360 flash, GPS ,vehicle detection,DVD flash, hard disk repair set-top box upgrade.
- 4.It can be used to program STC MCU, NXP MCU, Renesas MCU,STM32 MCU, N+-2EC MCU.
- 5.Communication chip: domestic MAX3232.
- 6.Port: TX RX VCC GND.
