

# 5A XL4015 DC-DC Step Down Module Adjustable Power Supply Module

## Product Description:

1. Input Voltage: DC 4V ~ 38V
2. Output Voltage: DC 1.25V ~ 32V ( Adjustable ).
3. Output Current: 0A ~ 5A.
4. Output Power: 75W ( More Than 50W Please add Heat Sink ).
5. Operating Frequency: 180KHz.
6. Operating Temperature: -40°C ~ +85°C.
7. Conversion Efficiency: <96% (Efficiency is related to input, output voltage, current, pressure difference).
8. Power indicator: Yes.
9. Short circuit protection: Yes (limiting current 8A).
10. Size: 54\*23\*18MM(L\*W\*H).
