

PZ-57

The Screw Removal Pliers for electronic components, small-sized and ESD-safe

- Ideal for removing stripped or special screws of small size
- ESD-Safe handles made of thermoplastic elastomer featuring oil resistance
- Grip end with strap hole
- Patented technique

Features

Bite screw head and unfasten it

Both vertical and horizontal serration for anti-slipping

Especially designed for small screws

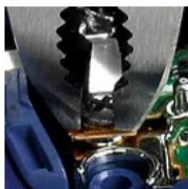

Tamper-proof screws can be also removed with ease.

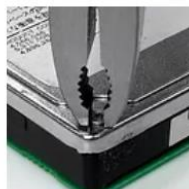

with Strap Hole

Applications

Small electronic components

Hard drive disks

Screw Head Size

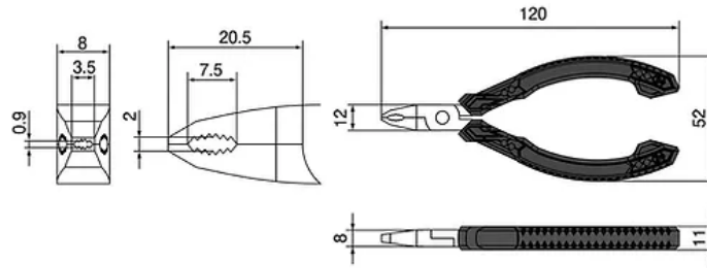

Round or Pan Head
Screw head: dia. 2 to 3.5mm

Note

- 1) The tool may not remove specially-hardened, heat-treated or glued screws.
- 2) Be sure to apply this tool to a screw head, but not to screw thread.
